JUL 25 9 45 AM '85

To : Barbara Milman
Chief Counsel
FPFC

Date : July 22, 1985

From : Governor's Office/Vance Raye 

This memorandum will confirm our conversation of July 15, 1985 regarding the applicability of Government Code Section 84309 to campaign contributions mailed to the Governor's Office. You indicated that Section 84309 has been construed by the Commission as not applying to contributions received by mail in a public building.

Therefore, contributions to the Governor or to any other official or in support of any cause, and received by mail in the Governor's Office may be forwarded to the appropriate campaign committee without violating Section 84309.

Thank you for your advice on this matter.
